### Educational History:

**2004 – 2009**      **Georgia State University, Atlanta, GA**  
**M.S.:** Spring 2009  
**Major Area:** Educational Psychology w/ emphasis in ABA  
**Professors:** Henry S. Roane, Ph.D., BCBA; Laura D. Fredrick, Ph.D.;  
Michael E. Kelley, Ph.D., BCBA

**1996 - 2001**      **University of Nevada Reno, Reno, NV**  
**B.A.:** Spring 2001  
**Major Area:** Psychology  
**Professors:** James E. Carr, Ph.D., Patrick M. Ghezzi, Ph.D.,  
Larry Williams, Ph.D.

**2009**              **Board Certified Behavior Analyst (BCBA)**  
**# 1-09-5286**

### Awards:

**2009**              **Georgia State University, Atlanta, GA**  
**Outstanding Master's Thesis Award**  
Recognition of the Master's Thesis of Especially High Quality and  
Potential Impact to the Field of Educational Psychology

### Membership in Professional Associations:

Association for Behavior Analysis (student affiliate)	2001-Present
California Association for Behavior Analysis	2009-Present
Alabama Association for Behavior Analysis (student affiliate)	2007-2008
Georgia Association for Behavior Analysis (student affiliate)	2007-2008

**Clinical Experience:**

**2009 to Present**      *Clinical Director*  
**Shabani Institute / Center for Behavior Analysis and Language Development**  
**Los Angeles, CA**

**Duties:** Supervision of daily case management and development of individual treatment plans. Coordinate and supervise functional analysis assessments and development of function-based interventions. Conduct language assessments based upon The Verbal Behavior Milestones Assessment and Placement Program (VB-MAPP; Sundberg, 2007). Coordinate treatment protocol generalizations to client's home and school environment. Provide behavioral consultation services during client Individualized Education Programs in regards to treatment recommendations. Provide training and supervision as outlined by the Behavior Analyst Certification Board for those interested in certification as a Board Certified Behavior Analyst® (BCBA) and Board Certified Associate Behavior Analyst® (BCABA).

**2008-2009**      *Clinical Behavior Practitioner*  
**Marcus Autism Center / Children's Health Care of Atlanta**  
**Atlanta, GA**

**Duties:** Supervision of Bachelor and Master's level clinicians in the assessment and treatment of individual's with severe problem behavior (e.g., aggression, self-injury, disruption). Supervision of daily case management and development of individual treatment plans. Coordinated and supervised functional analysis assessments and development of function-based interventions. Scheduled and coordinated treatment protocol generalizations to client's home and school environment. Provided behavioral consultation services during client Individualized Education Programs in regards to treatment recommendations. Reviewed and edited weekly client progress notes and client discharge summaries for clinical teams. Prepared and developed end-of-admission client behavioral recommendations. Supervised and coordinated 10 severe behavior day treatment clients and 25 Clinical Specialists and Behavior Data Analysts. Coordinated weekly supervision meetings and assessment/treatment trainings with behavioral teams. Assisted with the case management supervision of Pre-Doctoral Interns. Attended daily supervision meetings with Dr. Nathan Call to review the current progress of client assessments and treatment protocols.

**Work-Related Behavioral Presentations:** Conducted training presentations to clinical staff, pre-doctoral interns, post-doctoral interns and faculty members. Training presentations consisted of the applications of both conceptual and behavioral principles (e.g., extinction, motivating operations, punishment, etc.), functional analyses, and literature reviews on approaches to treatment development (e.g., DRA, NCR, Punishment, Token Economy) for severe destructive behavior (e.g., aggression, self-injury, pica, disruption, etc.). See below:

**Behavioral Presentation Topics:**

- **Demand Assessments (Demand Latency)** Nov. 2008
- **Stimulus-Avoidance Assessment** Nov. 2008
- **Inter-Observer Agreement Methods** Dec. 2008
- **Extinction** Jan. 2009
- **Punishment: "What your parents should have known"** Jan. 2009
- **Myths about Punishment** Feb. 2009
- **7 Dimensions of Applied Behavior Analysis** Feb. 2009
- **Decreasing Behavior with Nonpunishment Procedures** Mar. 2009

**Supervisor:** Nathan A. Call, Ph.D., BCBA-D

**2005-2008**     ***Clinical Specialist III / Clinical Case Manager***  
**The Marcus Institute**  
**Atlanta, GA**

**Duties:** Assisted in daily case management and development of individual treatment plans. Worked in conjunction with Clinical Specialists in implementing and monitoring the development of functional and treatment-based assessments. Involved in the recruitment and hiring of clinical staff for the Severe Behavior Day Treatment Program, Language and Learning Clinic and Severe Behavior Outpatient Program. Assisted in the orientation of new staff/students to department procedures and data collection procedures; assisted in the development of staff/student training programs.

**Supervisor:** Henry Roane, Ph.D., BCBA-D, Michael E. Kelley, Ph.D. BCBA-D, and Nathan A. Call, Ph.D., BCBA-D

**2003-2005**     ***Clinical Specialist II***  
**Marcus Institute**  
**Atlanta, GA**

**Duties:** Assisted in the development of individual treatment plans, ensuring that treatment procedures are carried out. Monitored the implementation of programs by Clinical Specialist. Conducted training sessions for caretakers for implementation of treatment procedures. Performed clinical duties as indicated for specific research projects; assisted in the planning of research data, graphing and preparation of documents. Assisted in the orientation of new staff/students to department procedures and data collection procedures; assisted in the development of staff/student training programs.

**Supervisor:** Henry Roane, Ph.D. / Wayne Fisher, Ph.D.

**2002-2003**     ***Clinical Specialist***  
**Marcus Institute**  
**Atlanta, GA**

**Duties:** Assisted in the development and implementation of treatment plans and goals for severe behavior day treatment clients. Conducted caregiver-training sessions to generalize treatment procedures. Maintained and updated data, graphs, and progress reports for active client cases. Assisted with the training of new

staff/student on active treatment protocols and data collection procedures.

**Supervisor:** Cathleen Piazza, Ph.D. / Meeta Patel, Ph.D.

**2002-2002**     *Behavior Data Specialist*

**Marcus Institute**

**Atlanta, GA**

**Duties:** Involved in calculating statistical analysis of behavior and implementing treatment protocols; assisted with conducting and organizing functional analysis and treatment sessions; served as a back-up therapist; prepared baseline and treatment sessions and parent training.

**Supervisor:** Michael Kelley, Ph.D. / Robert Larue, Ph.D.

**1999-2000**     *Lead ABA Therapist*

**Early Childhood Autism Center-Based Program,  
Department of Psychology, Behavior Analysis Program,  
University of Nevada Reno, Reno NV**

**Duties:** Assisted with the development of academic and behavior reduction curriculums for a child with autism; conducted one-to-one discrete trial training of children with autism; trained new ABA therapists; consulted with parents and school districts; collected, analyzed, and interpreted academic and behavioral data.

**Supervisor:** Patrick M. Ghezzi, Ph.D.

**1998-1999**     *ABA Therapist*

**Early Childhood Autism Center-Based Program,  
Department of Psychology, Behavior Analysis Program,  
University of Nevada Reno, Reno NV**

**Duties:** One-to-one discrete trial training of children with autism.

**Supervisor:** James Carr, Ph.D.

**1997-2001**     *Research Assistant, Psychology Department*

**University of Nevada Reno, Reno, NV**

**Duties:** Staff supervision, organization of day-to-day operations (e.g., data collection and analysis), responsibilities associated with running a dissertation level research projects. Assisted in collecting and analyzing data for functional analysis, functional assessments, and implementation of treatments. Assisted in making clinical decisions based on visual inspection of graphs.

**Projects:**

- Establishing operations on stimulus preference and reinforcer value.
- An empirical assessment of the effects of self-charting.
- Massed and distributed instruction for young children with autism: effects on novel verbal responses.
- The assessment of basic learning abilities and auditory-visual discriminations.
- Functional assessment and treatment of pica: A single-case experiment.
- The effects of staff's response effort on data collection.

- Using MDRO to reduce aberrant behavior maintained by social positive reinforcement.

**Supervisors:** James Carr, Ph.D., W. Larry Williams, Ph.D., Patrick Ghezzi, Ph.D., Ted Boyce, Ph.D.,
